Your Comments or Concerns

Yes I am wanting to say that my husband is at the Pam Lychner State Jail and the ceiling tiles are falling in and exposing him and other inmates to the fiberglass dust particles which is irritating his skin. The food being served is either still raw or old.

Your Proposed Solution

I feel that this needs to be looked into and taken care of to ensure there are no long term effects

from the fiberglass particles. For the food situation try and get that up to code as well.
