Your Comments or Concerns

That TDCJ has been a tool for the CIA and anyone else with enough money to set people up for crimes and have their lives ruined and then murdered. I have proof beyond a reasonable doubt and I demand that justice prevail. I have seen too much in this life of mine for Kevin Wayne Powell to come across my plate and tell me his story and to know it can, has, and will be done again. We need to make it too difficult for dishonest people to break the laws they should uphold. There are way too many deceitful people in Texas who have honorable in front of their name who are not. We have made it to where anyone can point a finger at you and say whatever they want and you have to fight for your life because they are out to take it. We have courthouses where the people running them are not concerned with the truth only how many bodies they put in prison winner takes all. TDCJ has lied to me about the attempted murder of Kevin Powell on 7-21-24 at 10:30 am in building 7 cell H-40. Kevin lived through the most horrid and vicious attack. He knows what happened to him and the story they are telling is not the facts it is a made up narrative they they say about everything that happens to people in their care. Which is messed up because they provide not one ounce of that, care. They have been brought to court so many times it would take over a year to read through all of the court cases. The make up stories about improving and never do. I demand they be brought to trial and stand amongst a jury of our peers and answer for what they do and not be allowed one more pass.

Your Proposed Solution

I demand they be brought to trial, stand amongst a jury of our peers, answer for what they do, and not be allowed one more pass. They have viciously murdered too many people it is them and the way they allow TDCJ to be mismanaged over and over. TDCJ is run the way it is run on purpose. To cover up the crimes of the CIA and the crimes of the employees who under their watch have grown to love hurting people. The only people who rise among the ranks in TDCJ are sadistic liars who worry more about a paycheck than their morals or humanity. I demand that TDCJ be dissolved and something else be done to handle criminals from this day forward. What, anything would be better than letting them continue to hurt everyone who comes across their plate? The inmates, the families of inmates, and the employees. None of them are untouched by the pain and misery they perpetrate. It is time for a new day a new dawn. We can and will help these people heal the monster that TDCJ is has hurt an innumerable amount of people claiming to be the Department of Corrections the one who needs correcting is TDCJ. It is an unlawful murderous greedy entity and I want to see it brought down and the people running it to answer to the laws of the USA. I want to see all persons of America to answer to the laws of the USA no one has the right to be above our laws especially the people we pay to uphold them. I want to see them pay a dearer price than the rest of us for betraying us.
