Who is accountable for the murders in the prison system it is against the law to murder somebody so why isn't anybody accountable for all these murders that are happening in the prison system and why aren't they don't have air conditioning why where's the money go and why are they feeding them slob they're not pigs they are human beings so where does our money go everybody in office needs a pay reduction y'all are getting paid too damn much money and nothing is getting done it's our money that comes out of there are taxes our taxes go everywhere in this United States well I'm

not pleased with the prison system yes they did wrong but they're still human beings just like with animals you're accountable for the murder or if you abuse somebody so who's accountable for all these all the murders that are happening in the prison system somebody needs to be held accountable for it somebody needs to be held accountable for it that the food is not getting served and they're not getting food needs to be held accountable for the health and why are the guards do not doing their job they're letting the prisoners do the job why and y'all gave the guards a raise like really and y'all are talking about drugs hello security guards are bringing it in lawyers are bringing it in warnings are bringing it in why aren't they dogs in the prison system and all guards everybody should be wearing a camera because the guard doesn't want to start the instigating the guards are the ones that like to do drama they're the ones that are working so they want drama to happen the guys in prison or trying to do good so they can get out of there they're just trying to do their time so they can get out of there some of these prison guards are not right whoever evaluates them that person needs to get evaluated because he ain't doing his job right so yeah people need to check into that

### **Your Proposed Solution**

All new people in the housing that does mess with the prison system because all the ones that are in there now or no good because our prison system went down to Hell just like everything else in this world it's time for an upgrade it's time for a new change it's time for new people up there all those old people yes y'all did Josh time it's time for y'all to retire and get the hell out of office and let new people come in there with New Brains and new fresh Minds because y'all are not doing y'all's job right y'all are stealing money from the people that are paying y'all and that's not right get out of office
