Your Comments or Concerns

My area of concern is when will TDCJ implement and recognize the need for revision on the denial codes that seem to be grandfathered in what are constantly reflected on parole denial decisions!

Your Proposed Solution

Overhaul these decisions and take into consideration upon review what the offender has done as a far as educational classes with completed certification, being disciplinary case free, who they've become instead of who they were for the last 5,10,15,20, 25, 30 years ago and remove that "X" that seems to be engraved upon themselves and the BOP can see in black and white how many of them have gained a sense of rehabilitation!
