Your Comments About the Staff Report, Including Recommendations Supported or Opposed: I am asking that you PLEASE keep the breeder's licensing program going. Puppy Mills are horrible places and the conditions of the animals kept in uncleaned cages all their lives, never receiving veterinary care, just used as tools to make money are cruelty to animals. The License Breeder's Program is all that keeps these mills from our state. I wish puppy mills could be outlawed across the entire nation as they serve no good purpose. We have more animals alive now than homes can be found. Adding more animals just so they can be sold in pet stores to unsuspecting people who think they are getting a healthy pet is totally wrong. Please keep this program going. PLEASE!

Any Alternative or New Recommendations on This Agency: The only alternative would be to outlaw puppy mills in our state which I would support 100%
